The Malnad Improvement Central Committee resolved on 4th Dec. 1920 with a view to bring about greater progress in the development of the Cooperative movement in the Malnad the Malnad Impt Dt Committees might consider the desirability of conducting more propagandistic work through the existing agencies. The Dy Comms of the three malnad Dts were thereupon requested, in this Offce No G 16463-5 dated 22? No replies have been received from the Dy Comrs of Shimoga & Hassan

The Dy Comr of Kadur asked for the views of the Registrar in the matter and the latter officer informed him that the question was discussed in all its details by the Improvt Cooperative Committee and that a copy of their report would be sent to the Dy Comr after it is published. On being reminded again by the Dy Comr, the Regr stated that Committees report had not yet been published but that he ~~was~~ wished to have the views of the Dt Bd in the matter. The latter body have said that they have no opinion to offer until the report of the Coopve Comr was published and circulated to them.

Thus practically nothing has been done in the matter till now.

Now that the Malnad Impt Committees have ceased to exist, it is a point for consideration as to whether any further

SIR,

With reference to your letter No.G.7603/San. dated 6th October 1920 forwarding for needful action an extract from the proceedings of the Malnad Improvement Central Committee Meeting held on 10th July 1920 in regard to the establishment of more Co-operative Societies in the malnad parts, I have the honor to state that needful action is being taken by me to secure a more rapid spread of the Co-operative movement in the malnad tracts. The number of societies in those tracts increased from 192 at the beginning of 1919-20 to 220 at the end of that year. In point of membership, of working capital, of efficiency of societies and of Co-operative matters generally however the malnad parts are far behind the maidan. Indebtedness, poverty, ignorance and bad health have rendered the malnad population singularly apathetic and to rouse them into a state of active participation in the efforts made to improve their position is a difficult and laborious task.

2. An Assistant Registrar has been stationed at Shimoga to pay particular attention to the development of Co-operation in the malnad tracts of the Shimoga and Kadur Districts and a

larger number of Inspectors have been appointed for work in the malnad and strenuous efforts are being made to extend to the interior of the malnad the benefits of the Co-operative movement. An investigation was recently made by me into the condition of the areca growers of malnad and arrangements are being made for starting co-operative societies in typical places solely for the benefit of the areca growers and to finance such of those, as are not past redemption, to free themselves from the clutches of the money-lenders and to increase their earning power. These measures occupy a prominent place in the programme of work of this Department and it is hoped that in the course of about 3 or 4 years, it will be possible to achieve substantial progress in the extension of the Co-operative Movement in the malnad.

Bangalore.

Sir,

I have the honor to acknowledge the receipt of your letter No. C.C.84/20-21 dated 14th September 1920 forwarding the extract of a proceedings of the meeting of the Malnad Improvement Central Committee held on 10th July 1920 about the appointment of separate Co-operative Inspectors for Malnad tracts.

As on account of illness I was unable to attend the meeting at which this subject was discussed, I am not aware of the exact significance of the proposal. I take it however that it was made with a view to secure a more rapid development of the Co-operative Movement in the Malnad than has obtained in the past.

This Department has been devoting special attention to the malnad during the past two or three years but the difficulties in the way of a rapid extension of Co-operation are far greater in the Malnad than in the Maidan. The country is sparsely inhabited, villages consist of very few houses, wealth is very unevenly distributed, the climate is unhealthy, the people are ignorant and there is a total lack of persons willing and able to act as leaders. In spite, however of these disadvantages our efforts have not altogether been wasted. There are now in the malnad parts of the State 221 societies with a membership of 10,584 and a working capital of Rs 10,89,842. This however is far from sufficient and steps have recently been taken to

try and produce a more rapid development.

The subordinate staff of this Department consists of 44 Inspectors of whom 8 are placed on audit duty and the remaining on inspection work. Roughly the charge of each Inspector comes to about 50 societies. In practice it is found that this is the maximum number of societies that a competent Inspector can look after. According to this scale the malnad which has about 220 societies should have only 5 Inspectors. But in view of the special circumstances I have mentioned in para 2 above there are actually 12 Inspectors working in the malnad districts -- 5 in the Shimoga District, 3 in the Kadur District and 4 in the Hassan District, one of the four being in special charge of the malnad portion of the Hassan District. I fully hope that the present arrangement will hasten the rate of progress.

I may also add that the creation of two subordinate Divisions of Assistant Registrars, one at Mysore and the other at Shimoga will admit of greater attention being paid to this important matter.

In this connection I beg to suggest to the Committee the desirability of giving a special malnad allowance to these officials. At present they get nothing. When effect is given to G.O.No.Fl& 6723-72/S.& A& 160-19-1 dated 24th March 1920 they will be entitled to get an allowance of 2 annas in the rupee or 1½ annas in the rupee according as their pay is Rs. 50 or less or more than Rs. 50. But this is scarcely sufficient. I would suggest an allowance of Rs. 20 at least which I think will serve as an adequate inducement.

I have the honor to be,
Sir,
Your most obedient servant,

P R Rangaiah
